The Family Recovery Program, Inc. (FRP) is Baltimore’s only Family Dependency Court. We support parents, who have a history of substance use disorder, with reunification efforts. While in FRP, parent’s receive intensive case management services and community resources.

The State of Maryland has a foster care savings of over 53 million dollars as a result of the Family Recovery Program.

Since 2006, 1,614 FRP children out of 1,851 referred (87%), ages 0 – 10, who reside in Baltimore City have found permanent homes through reunification, custody & guardianship, or adoption.

Reunifications: 877
Custody & Guardianships: 429
Adoptions: 308

Placements from FY2006 through FY2019

Between January 2014 and December 2019, we provided 15,613 random drug and alcohol tests to FRP parents. 11,143 of those tests were negative or excused positives due to prescribed medications.

Since January 2014, 300 parents out of 494 referred to FRP were identified, referred, and received mental health treatment.

Since March 2014, 143 parents have successfully completed FRP. 141 of those parents reported several life improvements as a result of participating in the Family Recovery Program.
