

Mission

"At FRP, we S.E.E. our families."

Strengthen. Engage. and Equip.

We strengthen families affected by substance use disorder and other forms of trauma.

We engage families in a holistic array of behavioral health services.

We equip families with the necessary skills to aid in becoming self-reliant.

Organizational Goals

- Increase our financial stability
- Increase donor base: cash and in-kind
- Increase grant dollars
- Increase fundraising dollars
- Decrease amount of time children spends in and out of home care.
- Decrease or eliminate parental substance abuse
- Increase family stability
- Increase skill level through training and education
- Decrease parental involvement with the criminal justice system
- Increase life skills
- Enhance children's development
- Create a consistent parental environment that increases children's feelings of safety
- Create an environment where children can thrive
- Enhance parental system connection to decrease unnecessary use of global system resources
- Create improved parental relationships and comfort with system providers (medical, dental, etc).

Vision

The vision of FRP is as follows:

To be the national leader providing family strengthening opportunities to individuals and organizations.

*I can
&
I will*
