

Job description

Position Title: Parent Mentor
Program/Department: Family Recovery Program
Position Location: 301 N. Gay Street/1209 N. Rose Street
Baltimore, Maryland
Reports To: Program Supervisor/Office Manager
FLSA Status: Non-Exempt

The Family Recovery Program, Inc. was originally created in August 2005, by private philanthropic partners including the Abell Foundation, the Baltimore Community Foundation, and the Annie E. Casey Foundation, along with the Maryland State Departments of Budget and Management, Human Resources and the Governor's Office of Children, joined with the Safe and Sound Campaign and the Family League of Baltimore City. This nationally recognized program provides parents with the substance abuse treatment they need and a full range of supportive services, including mental health care, transportation, housing assistance, and case management support. Services are tailored to meet the needs of parents who are often in crisis and unable to move forward without intensive, ongoing help. The Family Recovery Program's goal is to reduce the time target children spend in out-of-home placements by providing intensive substance abuse treatment services and judicial oversight administered by the Juvenile Court of Baltimore City to the parents of the children. The Family Recovery Program is able to achieve its goal because successful parents who maintain sobriety are more likely to be reunified with their children. The children of unsuccessful parents are more likely to enter into alternative permanent placements (e.g. Adoption or Custody and Guardianship). The Family Recovery Program was designed to put the principles of the Maryland Opportunity Compact into action by:

- Reducing children's length of stay in foster care;
- Saving state resources through reduced lengths of stay;
- Using the resulting savings to sustain the effort and, as they accumulate, to expand effective programs and opportunities for young children and their families that prevent them from future engagement with the foster care system.

The Family Recovery Program's mission is, "At FRP, we S.E.E. our families." (Strengthen. Engage. Equip). We **strengthen** our parents by providing them with safe and intensive services. We **engage** our families in a diverse array of holistic services. We equip families with the necessary trauma-informed skills for resilience in order to live a self-directed life.
